# Lampshade Linings

We manufacture Stick-It, the most popular range of self-adhesive lampshade materials. They are trusted by manufacturers worldwide for all their commercial and retail projects. The materials have been designed and engineered for lampshade manufacturing and have many treatments including, anti-yellowing, anti-static, UV stabilisation and flame retardant.

We supply these materials in 2m, 5m, 25m and 100m that are 1.5m wide. We also have smaller 1460x500mm rolls available in some of our Stick-it products.

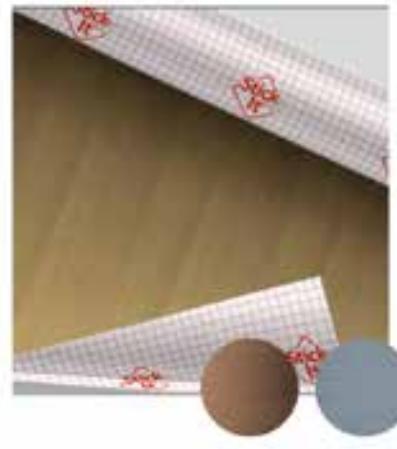

Choosing different materials for the inside of your Lampshades will completely transform their appearance and change the way it delivers light to the room.

## Standard & Premium

Our Standard Range is our best-selling option, offering excellent quality at an affordable cost, available in both White and Clear. Our Premium Range provides a thicker, more durable material and comes in White, Clear and Glass Clear for a refined, high-end finish.

White      Clear      Glass Clear

## Brushed Metallics

Our Brushed Metallic range of self-adhesive lampshade materials deliver lustrous colour and burnished sheen with a classy and robust brushed effect. Available in Gold, Copper and Silver.

## Cream

Our Cream Matt Card lining is ideal for making rigid lampshades and is laminated to a 300-micron self-adhesive PVC for strength and ease of use. It brings a soft, gentle warmth to any lampshade, creating a calm and inviting glow.

## Mirror Metallics

Highly reflective liner projects lustrous reflective glow out from the inside of the lampshade, without allowing much light to travel through the lampshade. Available in Gold, Copper and Silver.

## Embossed Metallic

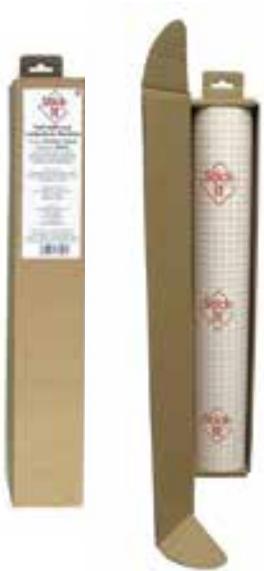

This range of metallic blockout self-adhesive lampshade material has a slight orange-peel emboss which projects a warm & lustrous finish, available in Champagne, Gold, Silver and Bronze.

## Double-sided

Our range of double-sided self-adhesive lampshade material is used with your coverings to make lampshades that have textiles or wallpaper on the inside and outside.

# Lampshade Linings for Retailers

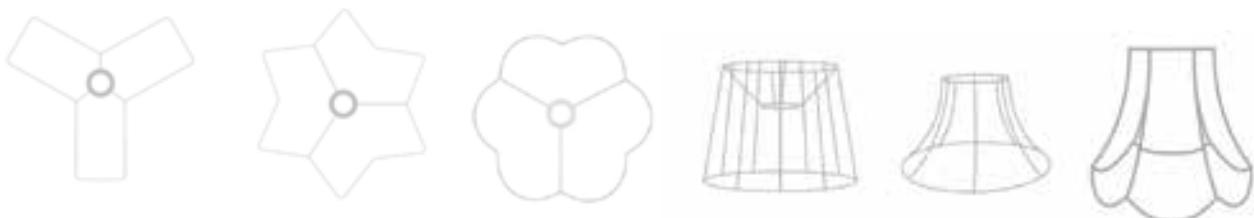

We manufacture a specialist range of these materials for retailers to stock for consumers who have small projects, making or repairing lampshades. Each pack has sufficient material to make or repair rigid lampshades .

We have several products available, including Standard, Premium, Metallic, Clear, and Double-Sided.

The materials are rolled and then packaged in boxes for protection. The boxes have a built-in Euro Hook Slot for in-store display.

## Lampshade Making Frames

We supply a large range of different frames to make Rigid and Soft Lampshades in any shape or size and to fit any fitting worldwide.

# Lampshade Workshop Packs

Scan to find out more

Designed for in-house Create & Make events, our Lampshade Workshop Packs are ideal for craft workshops, educational settings, community groups, and creative clubs. Many retailers run sold-out workshops within weeks.

**Embrace the power of workshops to elevate your store's engagement, profitability, and reputation!**

Each pack contains everything your students need to design and make their own professional lampshade — using their chosen fabric or paper.

Running a lampshade-making workshop is one of the most effective ways to:

**Attract Fresh Faces** – Bring new customers into your store and introduce it to people who may not have discovered you otherwise.

**Get People Talking** – Transform your store into a vibrant creative hub; engaging workshops significantly boost brand visibility.

**Cultivate Customer Loyalty** – Workshops create meaningful connections with customers, encouraging them to return time and time again.

**Create Unforgettable Experiences** – Hands-on activities like lampshade making offer a unique, enjoyable experience that sets your store apart.

**Boost Revenue** – Ticket sales plus additional purchases of materials and kits turn workshops into a valuable income stream.

**Increase Product Sales** – As participants work on their projects, they naturally explore and purchase the fabrics, tools, and supplies showcased in-store.

**Produce Valuable Marketing Content** – Photos, videos, and customer stories captured during workshops become powerful assets for social media and email campaigns.
