Dannells®

Discover Dannells' Lampshade Making Materials and Kits that you can use with fabric, textile and paper to make fabulous bespoke lampshades for any home interior.

At Dannells Ltd we have been manufacturing Lampshade Materials for Lampshade Makers since 1982.

Over the past decade, we have dedicated our business to mentoring, nurturing and helping build a new generation of Lampshade Makers around and our efforts have successfully inspired thousands of Makers worldwide.

Lampshade Making Kits

Kits

Make your own lampshades with our easy-to-use DIY kits. Add your own fabric or wallpaper and follow the instructions in the box, it's that easy.

Haberdashery Retailers

Kits and Fabrics make the perfect product partnership! Purchase our Lampshade Making Kits to retail and cross-sell with your fabric stock.

Designed to fit any UK (B22) or European (E27) Table/Floor lamps and pendant (ceiling) fittings.

We manufacture a comprehensive range of shapes and styles including Oval, Rectangle, Square, Coolie, Empire and Candle designs but the most popular shape is the Drum.

The kits are available in a large range of sizes and can be accessorised with diffusers and different coloured linings including metallics.

Lampshade Linings

We manufacture Stick-It, the most popular range of self-adhesive lampshade materials. They are trusted by manufacturers worldwide for all their commercial and retail projects. The materials have been designed and engineered for lampshade manufacturing and have many treatments including, anti-yellowing, anti-static, UV stabilisation and fire-resistant.

We supply these materials in 2m, 5m, 25m and 100m that are 1.5m wide. We also have smaller 1460x500mm rolls available in some of our Stick-it products.

Choosing different materials for the inside of your Lampshades will completely transform their appearance and change the way it delivers light to the room.

Standard & Premium

Our Standard Range is the best-selling product, quality at low cost, available in White or Clear. Our Premium Range is thicker and is also available in White, Clear and Glass Clear.

Brushed Metallics

Our Brushed Metallic range of self-adhesive lampshade materials deliver lustrous colour and burnished sheen with a classy and robust brushed effect. Available in Gold, Copper and Silver.

Neon

The Neon range is extremely bold and fluorescent and you will be sure to have fun making vibrant modern funky lampshades with these materials. Available in Orange, Pink, Red & Yellow.

Mirror Metallics

Highly reflective liner projects lustrous reflective glow out from the inside of the lampshade, without allowing much light to travel through the lampshade. Available in Gold, Copper and Silver.

Embossed Metallic

This range of metallic blackout self-adhesive lampshade material has a slight orange-peel emboss which projects a warm & lustrous finish, available in Champagne, Gold, Silver and Bronze.

Double-sided

Our range of double-sided self-adhesive lampshade material is used with your coverings to make lampshades that have textiles or wallpaper on the inside and outside.

Lampshade Linings for Retailers

We manufacture a specialist range of these materials for retailers to stock for consumers who have small projects, making or repairing lampshades. Each pack has sufficient material to make or repair rigid lampshades. We have several products available, including Standard, Premium, Metallic, Clear, and Double-Sided.

The materials are rolled and then packaged in boxes for protection. The boxes have a built-in Euro Hook Slot for in-store display.

Lampshade Making Frames

We supply a huge range of different frames to make Rigid and Soft Lampshades in any shape or size and to fit any fitting worldwide.

Lampshade Workshop Packs

Designed to host in-house 'Create & Make' Events ideal for craft workshops, and social groups such as schools/colleges, local communities, and clubs. These packs contain everything needed for students to make professional lampshades using their design of choice.
